Edward Norton, his cast and his crew have delivered one of this year’s best films in Motherless Brooklyn. It’s a piece of detective fiction that, while maintaining the typical hard-nosed energy about it, values the sensitivity and humanity of its characters. A gorgeous triumph of art and a noble vision of story, this is a rare and hypnotic film that most thought was lost to the world. Then again, as any good detective will tell you, it’s amazing what you can find if you know where to look.
